REPORT OF ELECTRIC LIGHT COMMITTEE

New customers added to the lines during the past year include Fred Green, Howard Dorry, Walter Dutton, Conrad Larson, Frank Moses, Dennis Hutchinson, Robert Claflin and Karl Upton.

Total income for the year amounted to \$4,799.16.

The rebuilding of the main line from West Peterborough to the village and addition of a fourth wire as voted at the last annual meeting has been completed and has resulted in higher voltage and much improved service. The expense of this reconstruction was much more than we anticipated due principally to the poor condition of the line as a result of the hurricane.

Late last summer, we were notified that there would be three road construction projects on our lines, and a total of 66 poles would have to be moved. This was done as directed by the State and Town Highway Departments. Our department was put to heavy expense to maintain service on the line running toward Stoddard during construction and so far, we have not been reimbursed by the construction company or the State for this extra expense.

All this extra cost, which was unforeseen, has made it necessary for us to use most of the Replacement Fund and also to draw on next year's appropriation in order to pay our bills for work already done.

Some of our lines are still in poor condition due to damage by the hurricane, and we have more work to do to complete the reconstruction caused by road relocation so we are asking for the same appropriation as last year.

We herewith submit a financial report for the year:

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL BOARD OF HANCOCK

I am enclosing with this my sixth annual report, the statistical summary of the Hancock schools for 1938-39, and the report of Miss Margaret E. Harris, School Nurse.

The enrollment for the present school year is 122, as compared with 118 for 1938-39, and 98 for the school year 1937-38.

The enrollment for the fall of 1939 is as follows:

	Primary		Intermediate		Grammar		Jr.	High	Senior		High				
Grades	I	II	III-IV	V-VI	VII-VIII	Sp.	IX	X	XI	XII	P.	G.	Tot		
Boys	7	11	4	4	1	7	4	9	2	2	3	3	1	0	58
Girls	6	5	9	5	14	5	3	1	0	3	5	4	3	1	64
Total	13	16	13	9	15	12	7	10	2	5	8	7	4	1	122

The opening of the upstairs room in the grade school provided an opportunity to rearrange the grades in groups of two instead of three grades for each teacher.

We were glad to welcome Miss Nellie Welsh back as teacher of grades one and two, after an absence of two years. Mrs. Colby took the room formerly occupied by Mr. Craig's grades where she now teaches grades three and four, and Mr. Craig has grades five and six in the room on the second floor. This arrangement relieved the school of the congestion which had developed during the two preceding years. Now three teachers have 29, 22, and 27 pupils instead of two teachers having 42 and 36 pupils each.

The new fire escape has been installed thus providing an exit for the pupils on the second floor in case the ordinary stairway should become blocked.

The work of this school has been carried on very effectively.

The Hancock High School has maintained its high standing and Miss Manchester is to be commended for the fine work she has done in arousing the interest and co-operation of the students of the junior and senior high school.

We have been saddened by the loss of Mrs. Bertha Ware, who during her term of service on the school board gave cheerfully and unsparingly of her time and strength for the improvement of the Hancock schools.

HANCOCK SCHOOL NURSE'S REPORT

To Mr. Lewis S. Record, Superintendent of Schools:

The following is my report of the health work from Jan. 1939 to Jan. 1940 inclusive.

Dr. N. F. Cheever examined the pupils in Dec. 1939; a list of the defects are as follows:

Number of pupils examined	119
Number 10% underweight	17
Number defective vision	4
Number defective teeth	25
Number defective breathing	2
Number diseased tonsils	3
Skin diseases—these were attended to	3

Corrections:

Number defective vision cases—corrected to glasses	2
Number defective teeth (2 dental clinics)	52
Number defective teeth (family dentists)	27
Number diseased tonsils—operated upon	3

The School Dental Clinics, financed by the parents and Hancock Branch of The American Red Cross, were well attended, 52 pupils treated at 2 clinics, June and Oct. 1939. Dr. J. H. Grimes was the dental physician assisted by Miss Margaret E. Harris, R. N. A report of the work follows:

Total no. cleanings	52
Total no. extractions-temp. 23; perm. 2	25
Number amalgam fillings	70
Number porcelain fillings	12
Total no. operations	159
Clinic rates—50¢ per operation.	

Cod Liver Oil was furnished, through the school, to families who reported not having it at home (most all the pupils were taking Cod Liver Oil at home) with the understanding that the parents wanted them to have it, and would co-operate in giving it to them regularly.

The hot dish is being served with the noon lunch as usual; this has a very definite value, it not only changes a cold lunch into a meal, but the pupils seated around the classrooms to a lunch appetizingly served, and supervised, take more time to enjoy it before going out to play.

Time given to school work	days	22
Number home visits—follow-up		20
Number business and professional calls—2 to Manchester		6
Number official visits		12
Total no. school visits		88

In conclusion, I thank the Superintendent of Schools, School Board, Teachers, Parents, Pupils, Red Cross, Dentist, Health Officer and all other individuals for their support and co-operation in the School Nursing Service.

Respectfully submitted,

• MARGARET E. HARRIS
School Nurse
